### **What is being done to promote the safety and well-being of employees and guests?**

- Per the above, our operation has been modified in accordance with best practices. Our website and onsite signage will encourage guests to act responsibly when deciding whether or not to visit our store. - At this time, requiring our ambassadors and guests over the age of 2 to wear face masks is a significant step toward protecting the health and safety of our team.
- We hope our guests will see the value and importance of taking this precaution to protect the health of our team and their fellow guests.

- Guests may also purchase masks from the store.
- If guests choose not to wear a face mask, we would respectfully ask that they not visit our store at this time, and they may shop at [www.cokestore.com](http://www.cokestore.com).

**What if a guest has a medical condition preventing them from wearing a face mask?**

- These measures, along with temperature screening and social distancing protocols are just some of the efforts we are taking to mitigate the spread of COVID-19 and allow us to return to normal operations.
